JetSchool SEO changelog: Aircraft for sale

Date: November 10, 2026. Page: /aircraft-for-sale.

Technical
The index lists every approved public listing that is for sale.
Each manufacturer with a live listing gets /aircraft-for-sale/<make>.
A make with no listing returns 404. An empty index is noindex.
Canonical, CollectionPage, and ItemList point at the listing URLs.
A query string is noindex. The sitemap includes the pages that have listings.

Text
The heading is Aircraft for sale, or the manufacturer plus for sale.
The lead states how many live listings are on the page.
Homepage, menu, footer, and each listing link to this index.

Tracking
aircraft_for_sale_view records the make and the result count.
aircraft_listing_open records the listing id when a card is opened.
