JetSchool SEO changelog: Public listing

Date: November 9, 2026. Page: /listing/<id>.

Technical

Title is the aircraft name, for sale, then JetSchool.
Description names the place, the asking price, and range when those exist.
Canonical is the public listing URL. A query string is noindex, follow.
Open Graph type is product. The image is the first photo, or the logo.
Product schema includes the price in USD when the listing has one.
Photo alt text includes the listing title and the photo number.

Text

A line under the title says the aircraft is for sale and names the place.
It also says range, speed, and the dollar scores are profile estimates.
The price, seller, and notes are unchanged.

Tracking

listing_view records the listing id when the page opens.
listing_photo_step records prev or next. It does not record the photo URL.
listing_broker_send records only the listing id. Notes, email, and phone stay off.
