JetSchool SEO changelog: Privacy

Date: November 9, 2026. Page: /privacy.

Technical

Title is Privacy Policy | JetSchool. Description states what is collected.
Canonical is the public /privacy URL. A query string is noindex, follow.
Open Graph, Twitter, and WebPage schema use that same URL.
Section headings are h2 elements so the outline sits under the one h1.

Text

The policy now says Google Analytics runs only when a measurement id is set.
It anonymizes the IP address. Contact-message text is not sent to Google.
Cookies now say Google may set its own visit cookies, separate from login.
Last updated is November 9, 2026. The other rules are unchanged.

Tracking

This page does not send a custom event. The sitewide tag covers the page view
after the measurement id is set on Railway.
