JetSchool SEO changelog: Public profile

Date: November 10, 2026. Page: /people/<id>.

Technical
Title is the person name and JetSchool. Brokers add aircraft broker.
Description names the role and the saved place. It does not include email.
Canonical is the public profile URL. A query string is noindex, follow.
ProfilePage schema names the person. A broker gets the job title.
An account with no live listing and no brokerage is noindex.
The sitemap includes those public profiles and a lastmod date.

Text
A line under the profile card repeats that description.
The homepage now has one heading: Jet Finder.
Listing descriptions separate the price and the range into sentences.

Tracking
profile_view records the profile id. It does not record the name or email.
